

VESSEL'S BALLAST INSPECTION

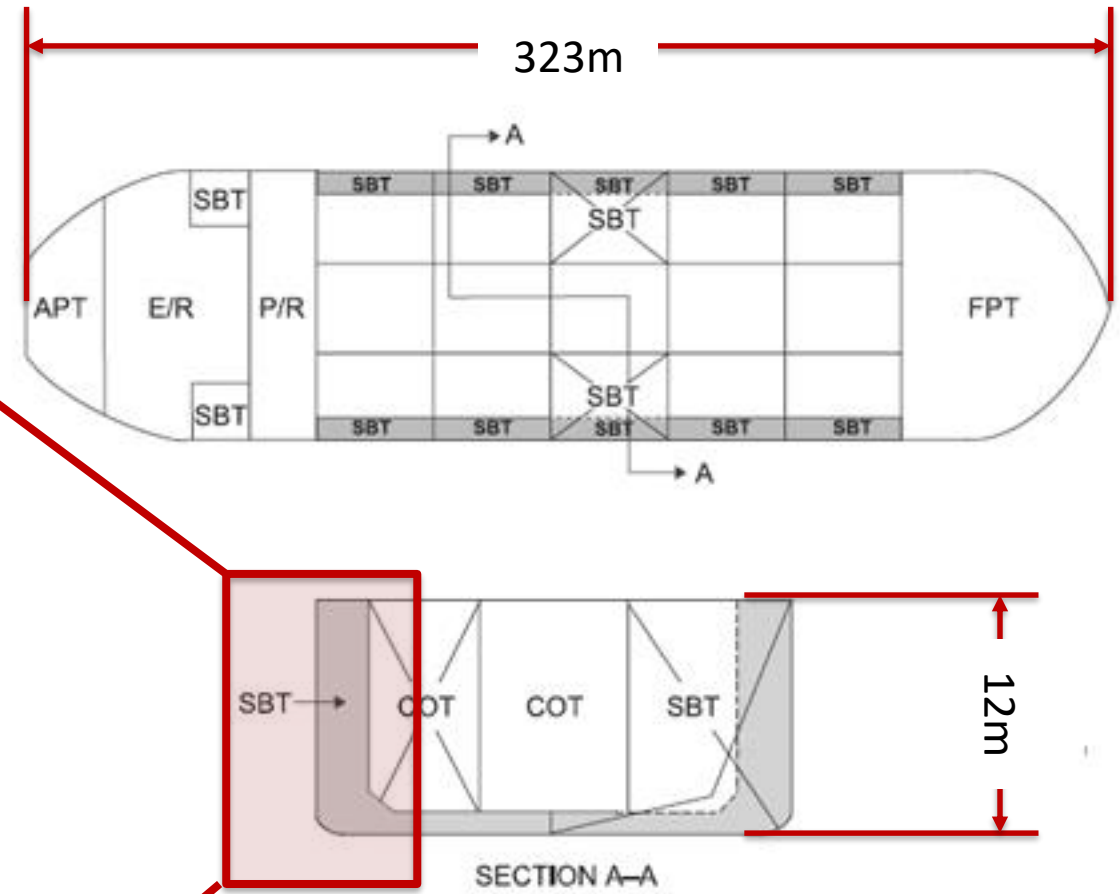

MARITIME

THE CHALLENGE

Ascertaining the top shape of large tonnage ship's hull by flying beyond the line of sight to the deepest place of their ballast tanks in a safe, fast and cost efficient manner.

THE CONTEXT

WHAT YOU CAN EXPECT

חברת קרונוס הינה הנציגה הבלעדית בארץ. לשירות ומכירה 077-5320320

חברת קרונוס הינה הנציגה הבלעדית בארץ. לשירות ומכירה 077-5320320

THE RESULT

TIME SAVING

Between 1 and 2 hours saved per ballast.

COST SAVINGS

Only 2 hours with 1 drone operator needed per ballast.

SAFETY IMPROVEMENT

No need for man entry with all the safety gear (oxygen monitoring device, harness, low voltage flash lights) , no need for additional worker outside the ballast for safety.
